BRYAN'S EYE ON MOVIES

Jurassic World

PG 13 *****

The story of Jurassic World takes place 22 years later after the tragic events of 1993. Aunt Claire, the owner and the main character, invites her two nephews to visit this theme park. In order to boost visit numbers, Aunt Claire decides to create a new breed of dinosaur, called Indominus Rex and the plan horribly backfires. The InGen Military tries to put a stop to the destruction. The movie might be scary for some children, but parents should advise them that it is all imaginary. The ending of this movie has a big surprise.
