### BRYAN'S EYE ON MOVIES

**GHOSTBUSTERS** PG-13 \*\*\*\*

This story is all about four women who believe in paranormal activity. They think that someone is unleashing all the ghosts in New York City and they need to discover who this is and why they are doing it. In the end they find out, but I don't want to spoil it for you! This movie is a mixture between action, adventure and comedy. Compared to the first movie (released in 1984), this movie takes the entertainment up to the next level due to all the CGI special effects! It is very well done with a good, all star cast. A few of the original cast members, such as Bill Murray and Sigourney Weaver are in this movie but in much smaller appearances. The lesson learned here is that helping society be safe is a wonderful thing to do.
