FUN**

BRIAN'S EYE ON ENTERTAINMENT The Fate of the Furious -

PG 13 *****

The car racing "fast and furious" crew is trying to live a normal life, but, the cyber terrorist, Cipher, tries to force Dom to steal a diplomatic security device to give to her. She convinces him to do other terrorist activities as well. Deckerd finally comes to NYC to make peace with Dom and the entire crew solves their differences. *The lesson learned from this movie is: It's never too late to do the right thing and put your differences aside. This movie is full of many intense car chases. I would highly recommend this for any folks who loved the previous "fast and furious" movies. You will not be disappointed by all the action that goes on !!!!

The residents enjoyed the eclipse and so did our goofy maintenance men!

Is Bryan ready for church or the Secret Service?
