BRIAN'S EYE ON ENTERTAINMENT Mission Impossible- Fall-Out PG13 *****

Ethan Hunt (Tom Cruise) is asked to hunt down a terrorist who plans to place a nuclear bomb to destroy many people. The story is about the quest to find this evil man. Only Ethan Hunt can get this evil person apprehended. The best part of this movie is the story line and the special effects. This is a good movie for all kids thirteen years of age and for adults. The life lesson of this movie is: Even though the other authorities tell the 'mission force' to stay out of the way, it is important for these organizations to work together. To put it in simple language, cooperation gets better results.
