The Amazing Spiderman and The Amazing Spiderman 2 ***** PG13

Right now there have not been any new movies at the theater so I have decided to review some great old movies. The Amazing Spiderman and The Amazing Spiderman 2 both starring Andrew Garfield. In the first movie, Peter Parker gets bitten by a spider at Oscorp Industries while he was on a school field trip. He learns he has special powers but is not sure why. He battles against a villain called The Lizard. Finally, he meets Gwen Stacey and they like each other very much. In the second movie, he discovers that his father had been working on genetically altered spiders which is why after being bitten, he gained his ability to climb up buildings. Gwen Stacey gets nose-y and tries to defeat a villain called Electro. Sadly, Peter Parker is not successful in saving her. He is devastated by her death and gives up being Spiderman for a while. In the end, Peter Parker learns that his fellow men still need Spiderman to bring justice to all who need it. These two movies are the greatest !!
